

# Product Announcement Emergency Lighting Systems

PA-ELS-001 August 11, 2017

## Emergency Lighting Product Line

**TO: Branch Managers and Sales Leaders**

Mircom is currently in transition with this product line.

We have centralized all on-hand inventory in the Montreal branch; however, this is still available to all customers and we encourage a strong push to move it as soon as possible.

A future announcement will provide details on new/replacement part numbers and pricing along with the required Sales & Marketing tools.

Some immediate changes and planned new items are as follows:

- ELRM-180 (Running Man Emergency Exit Sign) has been replaced by ELRM-180-2RC (which allows for 2 additional remote heads) – **effective immediately**
- EL-7030A (LED Emergency Single Remote Head) – **estimating** September 1<sup>st</sup>, 2017
- EL-7030B (LED Emergency Dual Remote Head) - **estimating** October 1<sup>st</sup>, 2017

If you have any questions, please contact me directly or send an email to:
