

Product Announcement Fire Alarm Control Panels

PA-FCP-005 November 6, 2017

L-Series Indoor AV Devices – Canada

TO: Branch Managers and Sales Leaders

The new L-Series indoor line of notification devices by System Sensor is now available. This new product line has been UL/ULC cross-listed to work with Mircom fire panels. Products include:

- Strobes
- Horns, horn-strobes
- Speakers, speaker-strobes
- Chimes, chime-strobes
- Variety of coloured lenses
- Alternative marking bezels
- Surface mount boxes
- Trims

Features and enhancements:

- Up to 35% lower current draw than SpectrAlert strobes, resulting in less power supply and battery requirements
- Candela standardization for easier inventory management
- High-fidelity speakers
- New modern lower-profile design
- Compact horn, strobe and horn strobe options
- Customizable coloured lenses and marking bezels for emergency communication/mass notification systems
- Electrically compatible with legacy System Sensor SpectrAlert

System Sensor indoor 2-wire SpectrAlert devices have been discontinued (refer to PDN-FCP-001 Discontinuance Notice). SpectrAlert 4-wire and weather-proof AV devices are still valid and available products.
