MGC 400 Series LED Notification Appliances – USA

TO: USA Sales

We are pleased to re-introduce the 400 Series LED Notification Appliances, now enhanced to work with any control panel or power supply that provides either regulated 24 VDC or 24 VFWR. Using advanced LED technology, the 400 Series provides superior power saving performance in an attractive compact design. It offers multiple field-selectable audible/visual settings as well as a wide range of mounting options in an easy-to-install compact unit.

This product family is comprised of wall and ceiling mount horns, strobes and horn/strobes. They are available in a red or white finish.

The new 400 Series is designed to replace the 340 Series devices. Please be advised that all new projects should be quoted with the new 400 Series devices, when applicable.
