

# Product Announcement

## Fire Alarm Control Panels

PA-FCP-013 May 21, 2019

### NEW Mounting Kits for BB-5008 and BB-5014 - Panel and Annunciator Configurations

We are pleased to announce the launch of the new CCH Mounting Kits for the BB-5008 and BB-5014 Lobby Control Wallbox Enclosures.

NEW CCH-5008 and CCH-5014 Kits with **standard** configurations removing the need for customization for panels and annunciators.

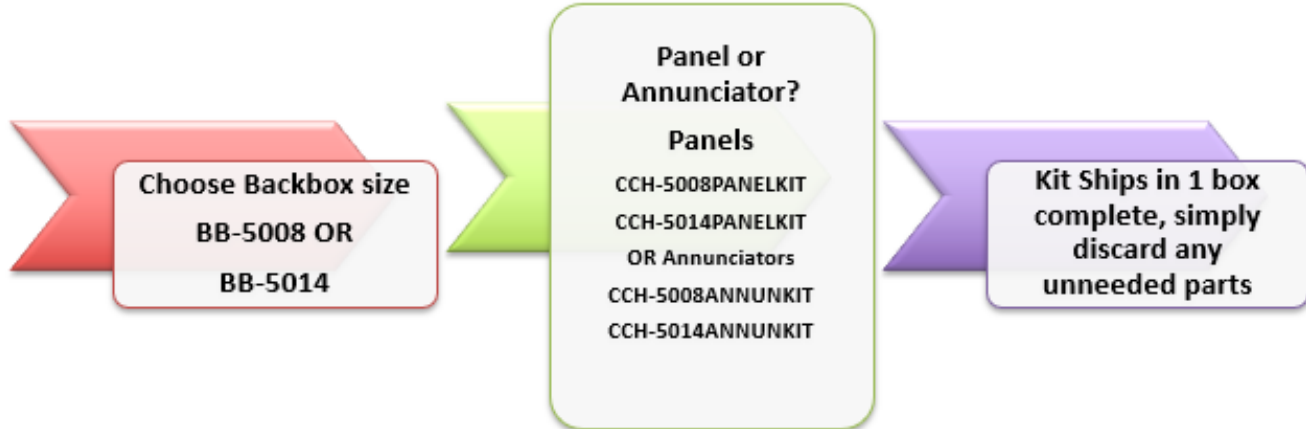

The new standard Mounting Kits support most configurations required for jobs and are now in stock.

NEW SKU	DESCRIPTION	Replaces	DESCRIPTION
CCH-5008-ANNUNKIT	BB-5008 Annunciator Kit	CCH-5008	Custom Kit for BB-5008
CCH-5008-PANELKIT	BB-5008 Panel Kit	CCH-5008	Custom Kit for BB-5008
CCH-5014-ANNUNKIT	BB-5014 Annunciator Kit	CCH-5014	Custom Kit for BB-5014
CCH-5014-PANELKIT	BB-5014 Panel Kit	CCH-5014	Custom Kit for BB-5014

#### BENEFITS:

- Historically CCH-5008 and CCH-5014 were built with different metal quantities depending on the customer orders – (Customized and hard to stock).
- This custom method is prone to error in case of the absence of an experienced employee and created long delays on manufacturing and an inability to stock items.

## How do I order now?

For more information about the NEW CCH KITS, such as installation guides and data sheets please click in the following links

<https://mircom.com/product-listing/fire-alarm-detection/addressable-fire-alarm/fx-2000-components/fx-2000-enclosures/enclosures/>

[https://mircom.com/wp-content/uploads/pdf/CAT-5303-BB-5008\\_BB-5014\\_Lobby\\_Control-Enclosures.pdf](https://mircom.com/wp-content/uploads/pdf/CAT-5303-BB-5008_BB-5014_Lobby_Control-Enclosures.pdf)

All existing sales orders will remain under the old part numbers and any new orders should be converted to the new part numbers as of May 21<sup>st</sup>, 2019.

Regards,
