## TX3 Voice Entry (NO SUFFIX, -A & -B) to (-C) Transition

With the transition of the older TX3 lobby units and the new TX3-C models, we have some compatibility issues. Below you will find all TX3 lobby boards and the replacement kits for your record.

		Lobby units			
		TX3 (1st gen: no suffix)	TX3 (2nd gen: -A)	TX3 (3rd gen: -B)	TX3 (4th gen: -C)
Main board		MD-951	MD-1086	MD-1086	MD-1245
Display board	8-line display	MD-952	MD-952	MD-952	MD-1255
	4-line display	MD-953	MD-953	MD-953	MD-1246

Item number	Product name

Replacement door kits include –

- Front door of the chassis
- Display board with keypad
- Microphone

**In addition to the replacement kits, customers will need to order the main lobby board (RB-MD-1245-xxxx) separately.**

**Except for RPL-MD-1243-TOUCH, it comes with a main board and a microphone.**

**Situations where –**

- Customer has a TX3 (NO SUFFIX/-A/-B) telephone entry panel and the main board (RB-MD-1086-xxxx) is bad
  - We have no stock for RB-MD-1086-xxxx
- We can suggest getting a replacement door kit + the main board (RB-MD-1245-xxxx) for a complete TX3 (A/B → C) transition

**Note:**

1. We will keep manufacturing and selling the old TX3 replacement display boards (RB-MD-952 & RB-MD-953), so direct replacement for all TX3 units is available
