## MIRCOM UNIVERSITY UPDATE (TX3 TRAINING MODULES ADDED)

TX3 Keypad Voice Entry, Touch Voice Entry, Card Access, and TX3 General systems training modules have been added to Mircom University.

The training modules have been categorized in 3 different levels.

LEVEL	FOCUSING ON	INTENDED AUDIENCE
<b>1</b>	Product introduction, features, differentiators	Sales Professionals, Distributors, and End users
<b>2a</b>	Hardware, wiring, features, specification	Installers, Distributors, Support group, Sales Professionals
<b>2b</b>	Programming, advanced configuration	Installers, Distributors, Support group, Sales Professionals

Register today at [www.mircom.com](http://www.mircom.com) to access all the training modules at no cost! All available training modules can be found at: <https://www.mircom.com/online-training>

Successful completion of the training modules is a pre-requisite for in-class training.

Upon successfully passing the test, Mircom University will provide a certificate.

## MIRCOM FAQs

The Mircom website now has FAQ's (Frequency Asked Questions) located here:
