About the Mircom® group of Companies

The Mircom Group of Companies is North America's largest independent designer, manufacturer and distributor of life safety, fire protection, building communication, security, mass notification and smart home solutions. Mircom Group of Companies operates a dedicated network of sales and service branch offices throughout North America, under the Mircom Engineered Systems brand.

We are a privately held company founded in 1991, with industry roots dating back to the early 1960's. With a well-earned reputation for excellence, innovation and quality, the company has consistently achieved robust growth and currently stands as one of the fastest growing companies in the building systems sector. Mircom Group of Companies employs a multicultural and ethnically diverse staff.

With thousands of installations and applications worldwide, Mircom Group of Companies 's sophisticated line of fire detection and alarm products carry requisite regulatory agency approvals including Underwriters Laboratories (UL/ULC), Factory Mutual (FM), California State Marshal (CSFM), and American Bureau of Shipping (ABS). Furthermore, Mircom Group of Companies prides itself on designing systems to offer additional features that go beyond the technical requirements of most approval standards.

ISO Certified to the ISO 9001:2008 standard, and is currently a member of recognized industry organizations including:

National Fire Protection Association (NFPA)

Society of Fire Protection Engineers (SFPE)

Security Industry Association (SIA)

Canadian Alarm and Security Association (CANASA)

Canadian Fire Alarm Association (CFAA)

California Automatic Fire Alarm Association (CAFAA)

Fire and Security Association of India (FSAI)

and the Automatic Fire Alarm Association (AFAA) to name a few.
