

FOR PROPERTY DEVELOPERS

WHY MIRCOM

TOTAL COST OF OWNERSHIP / LIFECYCLE COSTS

- While Mircom values its factory trained certified Engineered System Distributors which are held to the highest standard of excellence and professionalism in the industry, Mircom's focus is on serving the developer, building owner and building manager with product reliability, longevity and the best possible *COST OF OWNERSHIP* for the life of the product.

NON-PROPRIETARY SOLUTIONS

- We use non-proprietary technology to ensure that you have **TOTAL FLEXIBILITY** for ongoing service costs.
- We can factory-train YOUR team so that you are in **TOTAL CONTROL** of your own destiny.

UNMATCHED EXTENDED WARRANTY

- We are so confident in our product quality that we offer an unmatched extended warranty for key projects & customers.

EXCLUSIVE OFFERS TO KEY PROJECTS

- Direct training of your team so you can control your own destiny if you want to.
- Value add features and products at low investment such as 3D Graphical Report & Control software to simplify and reduce building maintenance and Advertising modules to generate recurring revenue.

AGILITY AND FLEXIBILITY TO SOLVE PROBLEMS

- Mircom prides itself on our **COMMITMENT** to high profile projects and customers
- On many occasions, we quickly develop **CUSTOM** solutions to specific customer problems.
- Our team has gone **ABOVE & BEYOND** on many occasions. . . including but not limited to: sleeping in a prison, flying to a remote oil rig during an ice storm, all-night and multi-night marathons to help customers meet deadlines, dropping everything to fly to remote areas or even countries, countless customizations, and our phones are never off.

- ***Mircom truly does WHATEVER IT TAKES!***

WHY MIRCOM BUILDING INTEGRATION

We know that today's buyers and end customers are savvy, and are looking for top value in building protection and integration systems.

Mircom's solutions and services offer a unique blend of values that can help you win with your customers

MAXIMIZE ROI

More and more developers focused on increasing profitability are seeing the value in integrating Mircom's Intelligent Building Solutions to help manage resources, maximize ROI, and add competitive differentiators.

Our integrated solutions enable efficiencies in property management, lower energy costs, and improve quality of life for those living and working in the space.

INDUSTRY EXPERTISE

For over 25 years, Mircom has been a consultative partner with industry expertise who will understand your objectives and anticipate your needs throughout the process.

Whether you need a quick retrofit for an apartment entry system, or are developing a fully integrated systems plan for a sophisticated commercial environment, you can benefit from a consultative partner with industry expertise that will understand your objectives and will anticipate your needs throughout the process.

Working with our team, you'll have access to advice from applications engineers, project managers and technicians who have spent years tackling projects like your own, and who've taken the time to assess and identify the needs of your unique environment. If we're involved early enough in the building process, we're available to review your systems plan to help spot any gaps in building systems.

SINGLE POINT OF CONTACT

Mircom offers turnkey solutions to help developers reduce the complexity of communicating and managing multiple suppliers.

With our vast selection of intelligent life safety systems and partnerships with external suppliers, we'll help recommend, source and project manage all your system needs.

The vast majority of our products are manufactured in North America, helping you avoid higher shipping costs and longer wait times associated with shipping parts from overseas. And last but not least, buying directly from us will help you avoid the added cost of going through a supplier.

SOME OF OUR TOP REFERENCE PROJECTS

Commercial Office & Retail High Rise

40 Exchange Place, New York City, NY

Overview:

22 Story - 250,000 Sq. Ft. - Commercial Office Building in the Financial District

10,000 Sq. Ft. of Retail on the ground floor over 6 tenants

Complete retrofit of existing fire alarm system with a desk mounted fire alarm control panel.

The entire building and lobby was being renovated.

"This upgrade was carried out in the midst of a fully occupied high rise commercial building. The dedication of the Mircom team - both on the ground and at their corporate head office - was instrumental in making this project a success."

*- Val Sherer, Senior Vice President
Phoenix Fire and Security*

Commercial Office & Retail High Rise

Centrepoint Energy Tower, Houston, TX

Overview:

47-story mixed-use skyscraper with commercial offices, shops, cafeteria, parking and underground tunnels leading to other high-rise buildings.

Multi-node networked & distributed Fire Detection with Voice Evacuation, 3D OpenGN graphic software in the control unit, integration to clean agent releasing, 257 duct detectors & over 2000 smoke detectors.

"A Fire Alarm System in any building is judged by the amount of "emergency" service calls it causes. After six years, this system has had none. Since the system was installed, there have been four real fires in the building and in every case, the fire alarm system has performed perfectly."

*- Tim Snakenberg, President
Micronet Technology, Inc.*

Commercial Office & Retail High Rise

St. Charles Place New Orleans, LA

Overview:

53 story mixed use commercial high rise with retail, restaurant, office leased space and parking.

Multi-node networked & distributed Fire Detection with Voice Evacuation and 3D OpenGN graphic PC software.

"Because of the technology installed and Mircom's ability to update the platform without actually having to change out the system, we feel it will be vital for at least the next 25 years."

*- Kathi M. Schneider, CPM
Asset Manager*

Commercial Office & Medical Community

Aventura ParkSquare, Aventura, FL

Overview:

The five-building community/complex includes a nine-story combination office and condo structure, a 45,000-square-foot medical center, a 207-room Aloft hotel, a senior housing tower, and a parking garage.

"We hope Aventura Park Square is a catalyst for real estate projects that aim to in-spire wellness and walkability, while promoting an environment that benefits the long-term prosperity of a community,"

*- said Integra Investments Principal Victor Ballestas
in a statement to Curbed Miami.*
