

MV-2700 Fire Phone Equipment

Features

- Heavy-duty construction
- Red finish
- Flush or surface mount
- Rugged ABS plastic handset with coiled cord
- Portable handsets and telephone jacks (optional)

Description

Secutron's Fire Fighter Telephones are designed to operate in conjunction with the MV-2700 High Rise Voice Evacuation System. These telephone handsets are permanently installed throughout a building to allow Fire Fighters easy communication with the main control panel. The MV-FS Fire Fighter telephone stations and MV-WS Warden Stations provide a handset in an enclosure. These fixed telephone and warden stations are available in surface or flush mount cabinet.

In addition to the Fire Fighter telephone stations, Secutron provides portable Fire Fighter telephone handsets which plug-in to permanently installed telephone jacks throughout the building. Plugging in the portable handset allows the Fire Fighters to communicate with the main control panel. As with the permanently installed telephones, these portable handsets are made from durable ABS plastic and come equipped with a coiled cord and a male phone plug which plugs into the Fire Fighters' telephone jack.

Fire Phone Components

MV-FS Telephone Station/MV-WS Warden Station
The Telephone Station comes with a coiled cord and magnetic catch. The Warden Station comes with an armored cable and a magnetic catch.

Station Back Box
12¾"H x 7¼"W" x 3¾" surface mount

Ordering Information

Model	Description
MV-FS	Fire Phone Station, Surface Mount
MV-WS	Warden Station with Armored cable and magnetic catch. Surface mount
MV-FH	Portable Fire Fighters' Telephone Handset
MV-FJ	Fire Fighters' Telephone Jack on a single gang front plate
MV-TC	Emergency Telephone Handsets Storage Cabinet (Holds up to six portable handsets.)

MV-FH Fire Fighters' Portable Handset & MV-FJ Fire Fighters' Telephone Jack

The red portable telephone handset comes with a coiled cord and a male phone plug which plugs into the MV-FJ Fire Fighters' Telephone Jack, allowing Fire Fighters to make direct communication with the main control panel. The Fire Fighters' Telephone Jack consists of a single phone jack which is mounted on a single gang, stainless steel plate. The stainless steel plate is clearly marked "FIREMAN PHONE" and mounts to any standard single gang box.

MV-TC Fire Phone Storage Cabinet

The MV-TC Storage Cabinet holds up to six portable MV-FH telephone handsets. The MV-TC is a surface mount enclosure and comes with a keylocked door.
Dimensions: 27"H x 14½"W x 4"D
