Description

The ANC-6000 Audio Network Controller provides audio interface microphone and control on the network system and provides access to four channels for Alert, Evacuation, Paging and external audio.

The ANC-6000 Audio Network Controller module is mounted in a FX-MNS-6000 backbox over the main fire alarm board. Each FX-MNS-6000 node requires an ANC-6000 Audio Network Controller Card.

Compatible with FleX-Net FX-4000N Series Panels.
