COLOR LENSES FOR CEILING SPEAKER STROBES

CLENS-SPPS

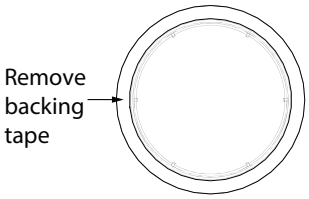

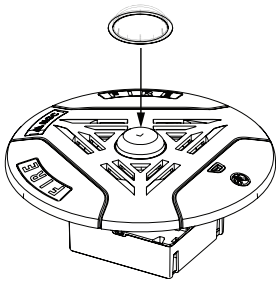

Description

MGC colored lenses for ceiling-mount speaker strobes provide a simple, cost-effective way to visually differentiate non-fire emergency signals from standard fire alarm strobes. Designed to fit compatible MGC ceiling-mount SPPS devices, these lenses are ideal for mass notification, emergency communications, and process or security alerts where clear visual identification is critical.

Available in multiple colors, the lenses help building owners, installers, and engineers meet design and coordination requirements for multi-signal environments.

Mounting

Features

- **Compatible with MGC ceiling-mount SPPS**
  Designed to fit specified Mircom ceiling-mount notification appliances for a secure, professional installation.
- **Multiple color options**
  Available in amber, blue, green, red to support a wide range of emergency and process signaling schemes.
- **Fast, tool-simple installation**
  Snap-on or screw-on design (match actual method) allows easy field installation without replacing the entire device.

Typical Applications

- Mass Notification Systems (MNS) and Emergency Communications Systems (ECS)
- Severe weather and shelter-in-place alerts
- Security or lockdown notification
- Process or equipment alarms in industrial or commercial facilities
- Sprinkler flow / supervisory indication (non-fire alarm annunciation, if appropriate per your lineup)
