COLOR LENSES FOR WALL NACS & SPPS

WLENS

Features

- **Compatible with MGC wall mount NACs & SPPS**
  Designed to fit specified Mircom wall-mount notification appliances and speaker strobes for a secure, professional installation.
- **Multiple color options**
  Available in amber, blue, green, red to support a wide range of emergency and process signaling schemes.
- **Fast, tool-simple installation**
  Snap-on or screw-on design (match actual method) allows easy field installation without replacing the entire device.

Description

MGC colored lenses for wall-mount notification appliances and speaker strobes provide a simple, cost-effective way to visually differentiate non-fire emergency signals from standard fire alarm strobes. Designed to fit compatible MGC wall-mount NACs & SPPS devices, these lenses are ideal for mass notification, emergency communications, and process or security alerts where clear visual identification is critical.

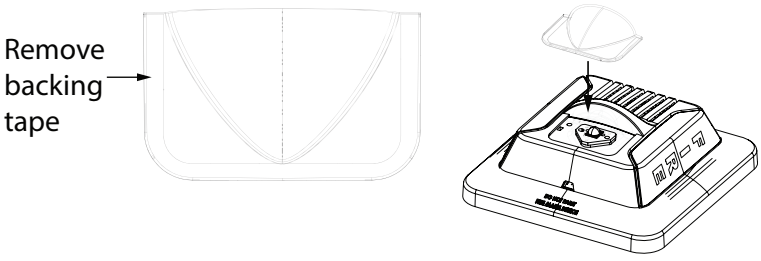

Available in multiple colors, the lenses help building owners, installers, and engineers meet design and coordination requirements for multi-signal environments

Typical Applications

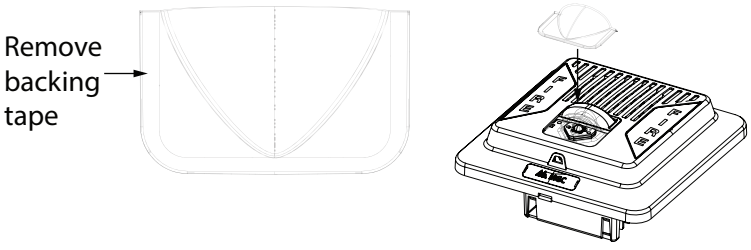

- Mass Notification Systems (MNS) and Emergency Communications Systems (ECS)
- Severe weather and shelter-in-place alerts
- Security or lockdown notification
- Process or equipment alarms in industrial or commercial facilities
- Sprinkler flow / supervisory indication (non-fire alarm annunciation, if appropriate per your lineup)

Mounting

MOUNTING WLENS ON WALL MOUNTED NACS

MOUNTING WLENS ON WALL MOUNTED SPEAKER STROBES

NOT TO BE USED FOR INSTALLATION PURPOSES.
