

MIX-4001 / MIX-4002

Description

The MIX-4001 and MIX-4002 mounting bases are used to interface series 4000 detectors to the SLC line and remote devices.

The low profile base can be wired and secured to a back-box during building construction, allowing the detector to be installed later, when premises become free of dust and other contaminants.

Features

- Sleek low profile design
- Ceiling or wall mountable
- 4" or 6" options
- The base provides a device Anti-Tamper feature

Benefits

- Open style mounting bases offer easy wiring and low pressure docking
- Save time with multiple mounting options
- A breakable flat tab in the centre of the base can be cut and inserted in the base outer edge, then a label can be used to identify the device

Technical Specifications

Wiring Range on all terminals	22 to 12 AWG
Diameter	6" (MIX-4001) 4" (MIX-4002)
Height	0.625" Height
