

Features

- Built-in Wiegand interface
- Rugged weatherized aluminum enclosure
- Tamper proof cover
- Audio/Visual indication

Description

The EVERSITCH 3x4 Wiegand Keypad provides a single solution for users operating in harsh environment traffic areas or need weatherized door units. A built-in interface provides a Wiegand 26 output which is compatible with any given access control system.

Mounting

The EVERSITCH keypad features a unique design with tamper proof cover for easy and simple mounting onto any surface including metal such as door mullions.

Audio/Visual Indication

When a PIN code is entered on the EVERSITCH keypad, the LED flashes and the buzzer sounds. The LED and buzzer can be controlled locally or by the host system.

Indoor/Outdoor Design

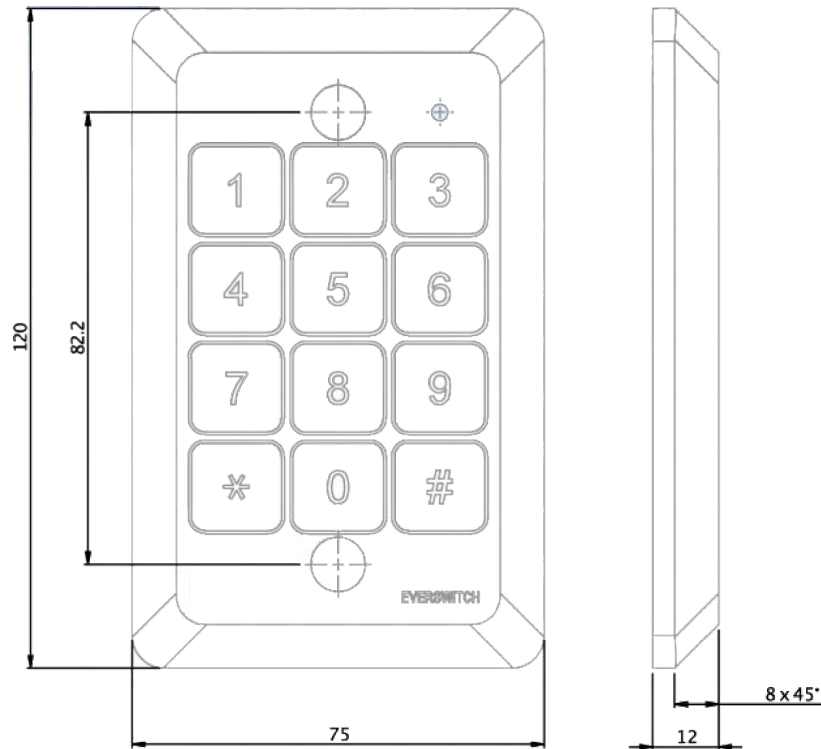

Sealed in a rugged, weatherized aluminum enclosure the EVERSITCH is a vandal and tamper proof unit designed to withstand harsh environments while providing reliable performance.

Easy Interface

The Wiegand output interfaces with all existing Wiegand protocol access control systems.
