

Description

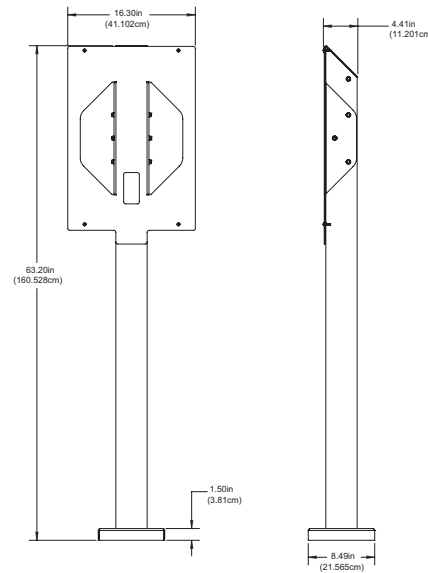

Mircom’s TX3 Pedestal Stand is used to mount TX3 Touch Weather Resistant Panels. It mainly serves as an outdoor model.

TX3-T-PEDESTAL-B-WR mounts to the floor outside the building near the entrance, close to the building power source and telephone infrastructure. It offers a designated cutout within the base plate, ensuring convenient access for power and communication cables, thereby streamlining installation and connectivity processes.

Features

- Designed for TX3 Touch Weather Resistant Panels
- Built for both outdoor and indoor applications
- Access for the power and communication cables is provided through base plate
- Available in black color
- The backplate can be mounted in 2 positions: higher and lower. The backplate is factory installed in the lower position on the stand

Dimensions

Specifications

Weight	55 lb (25 kg)
Height	62.3" (1582 mm)
