- Modern, low-profile design
- Heavy-duty aluminum construction for enhanced durability
- Suitable for both indoor and outdoor environments
- Corrosion-resistant finish for long-term reliability
- Easy integration with new or existing TX3 entry systems
- Weight = 2.15 Lb.

Description

TX3-PLE provides authorized postal personnel with convenient building access using a standard postal key when equipped with a lock supplied by the local postal authority.

Designed to complement Mircom's TX3 Touch Screen Entry Panels and TX3 Telephone Entry Panels, the enclosure offers a durable and secure solution for both indoor and outdoor installations. Its modern appearance and robust construction make it ideal for residential, commercial, and mixed-use applications.

TX3-PLE is manufactured from heavy-gauge aluminum to provide superior strength and resistance to weather and corrosion, and daily wear, ensuring dependable operation in a wide range of environmental conditions
