

Description

The 1129/11 Urmet Telephone Handset Intercom Kit is a complete audio system kit that includes a Smyle entrance panel, an Atlantico audio handset, a transformer and a door timer.

The Atlantico audio handset is a white electronic door phone constructed from ABS plastic. The Atlantico audio handset is equipped with a door lock release key and an additional service button. In addition the handset also features volume adjustment and mute control.

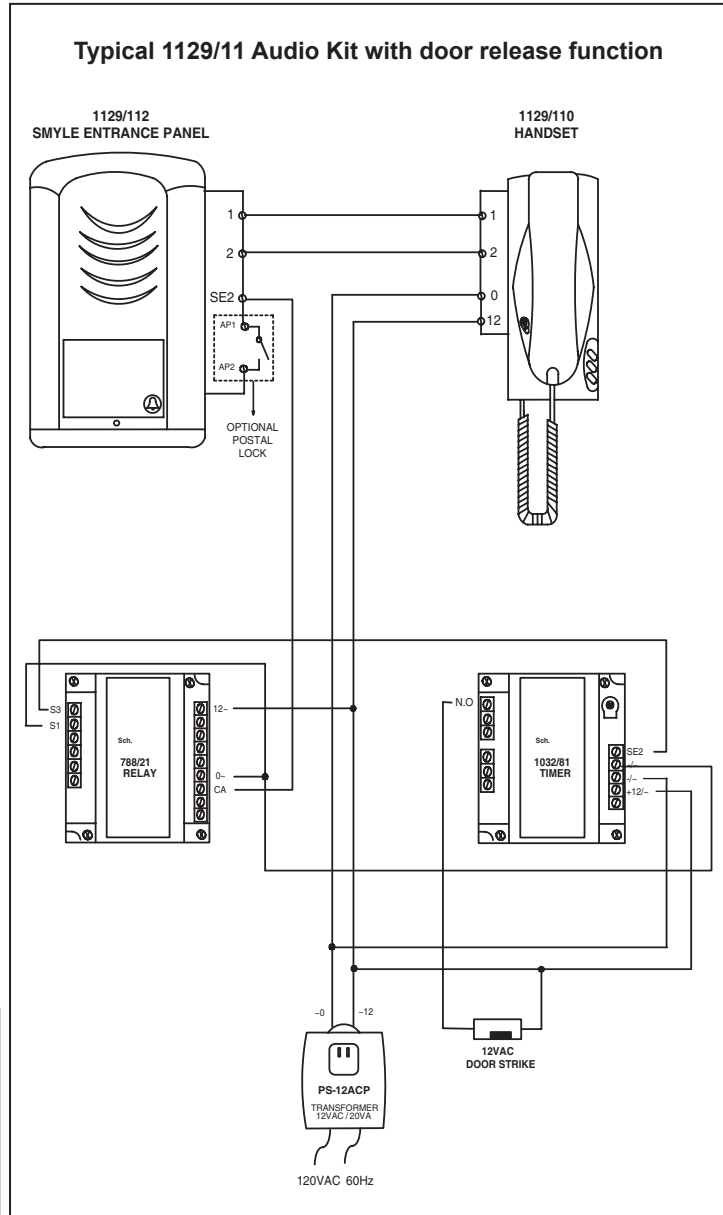

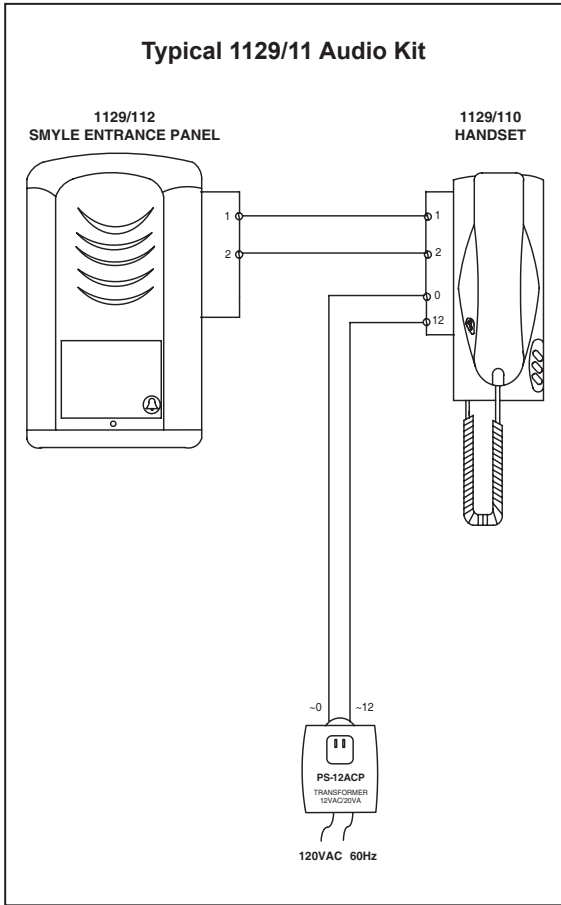

Features

- Two or four wire configuration
- Compact design
- Kit includes surface mount Smyle entrance panel, Atlantico audio handset, transformer and door timer
- Atlantico audio handset is equipped with a telephone plug for easy replacement
- Back lit call button on the Smyle entrance panel
- Audio handset is equipped with volume adjustment and mute control
- Audio handset features an additional relay for auxiliary functions
- Smyle entrance panel features a compact design that is constructed from ABS plastic
- Smyle entrance panel provides a back-lit nameplate holder with one call button
- Electric door lock release timer (time adjustment from 1 to 30 seconds)
- Ideal for applications such as homes and offices

The Smyle entrance panel is a surface mount panel constructed from ABS plastic with an aluminum face plate. The Smyle entrance panel features a compact design that provides a back-lit nameplate holder and one call button.

Despite its reduced size, the Smyle entrance panel guarantees perfect LED type lighting of the entire surface of the name tag. The Smyle entrance panel continues to receive accolades for its extremely simple and fast installation.
