

The image shows four identical vertical strips, each consisting of 12 rectangular cells stacked vertically. Each strip has a small circle at the top center and another at the bottom center. The strips are intended for labeling annunciator zones.

INSTRUCTIONS FOR USE:

1. TYPE DESIGNATION NUMBER OR NAME FOR EACH ANNUNCIATOR. POSITION INTO THE SPACES PROVIDED.
2. CUT THE FOUR STRIPS APART.
3. REMOVE THE PROTECTIVE PLASTIC LENSES ON THE ANNUNCIATOR PANEL, BY REMOVING THE FASTENING SCREWS. THE APPROPRIATE SCREWDRIVER IS OBTAINABLE FROM FACTORY OR LOCAL HARDWARE STORE.
4. POSITION THE DIRECTORY STRIP BETWEEN THE PANEL AND LENS.
5. FASTEN USING SCREWS THAT WERE REMOVED.
