

### Module Mounting Locations

The DSPL-2440 Graphic Main Display board is shown mounted into the BBX-FXMNS/R (MMX-FXMNS/R) Enclosure as part of the adder modules on the inner deadfront chassis. The front doors and inner deadfront chassis are all part of the BBX-FXMNS/R (MMX-FXMNS/R) Enclosure, see Figure 1 below. The DSPL-2440 may be mounted to any inner deadfront chassis using the four #6 screws provided.
