

## TX3-TOUCH-WR-BB Installation Instructions

---

**Warning:** Do not drill holes in the Touch Screen enclosure or the backbox. Altering the enclosure or backbox in any way will void the warranty.

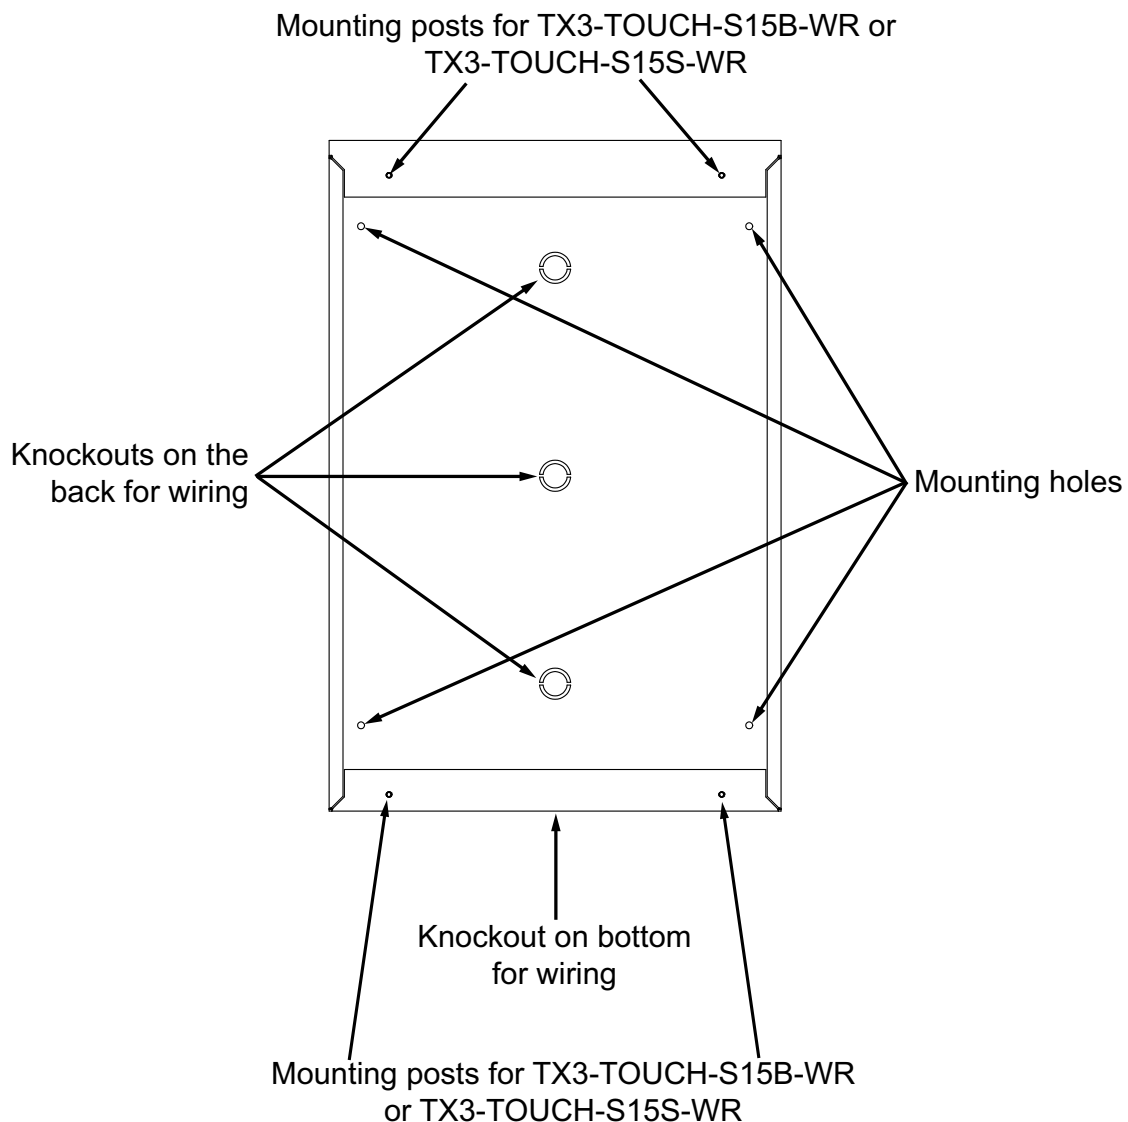

---

---

**Note:** Mircom recommends using the TX3-TOUCH-WR-BB backbox for mounting Outdoor Touch Screens when the wall does not have in-wall wiring or is uneven.

---

1. Mount TX3-TOUCH-WR-BB on the wall using fasteners in the 4 mounting holes shown below.
2. Mount TX3-TOUCH-S15B-WR or TX3-TOUCH-S15S-WR on the 4 posts shown below, and secure with the 4 nuts that are included with TX3-TOUCH-WR-BB.
3. To prevent water entering the Touch Screen unit, use a weather resistant conduit hub. See Figure 4.
