New TX3 Products with -256 suffix

Dear valued customer,

Thank you for your business and continued interest in Mircom's TX3 Voice Entry and Access Control Systems.

The global manufacturing sector has been experiencing extreme disruptions to supply chains worldwide due to COVID-19 and other factors. The impacts we face include slow, postponed, and short deliveries from supply partners. As a result, affected items (Old Model Numbers) have been placed on temporary hold for indeterminate period. The alternative part numbers with -256 suffix (New Model Numbers) are available for ordering as shown in the table below:
