New TX3 Postal Lock Enclosure (TX3-PL-ENCL)

Dear valued customer,

Thank you for your business and continued interest in Mircom's TX3 Voice Entry and Access Control Systems.

Mircom is proud to announce the newest member of the TX3 series Voice Entry Systems, the new TX3 Postal Lock Enclosure. It mainly serves as an outdoor model. The TX3 Postal Lock Enclosure is constructed of a heavy gauge stainless steel and is built for both outdoor and indoor applications.

The new TX3 Postal Lock Enclosure permits the postal worker to use their key to enter the building (when used with Post Office supplied postal lock).

Previous Model Number	New Model Number	Description
DO-CR3	TX3-PL-ENCL	TX3 Postal Lock Enclosure

The new Postal Lock Enclosure features a built-in rain hood, piano hinges at the bottom of the door and has provisions for a postal lock to be installed.

Please refer the Installation Manual: [LT-6723](#) for product dimensions and installation instructions.

The new part number is now available for ordering. Please refer to the latest released Mircom Communication and Security Price Book for pricing.

We ask that you reference the revised ordering code immediately. Mircom is committed to working closely with you to minimize any impact this change may have.

We thank you for your continued support.

If you have any questions or comments, please contact us directly at: pm@mircomgroup.com

Best regards,
Mircom Product Management
