Network Integration

- TX3 Platform allows for standalone or network-wide connections and scalability
- Convenient Programming – locally using keypad or remotely

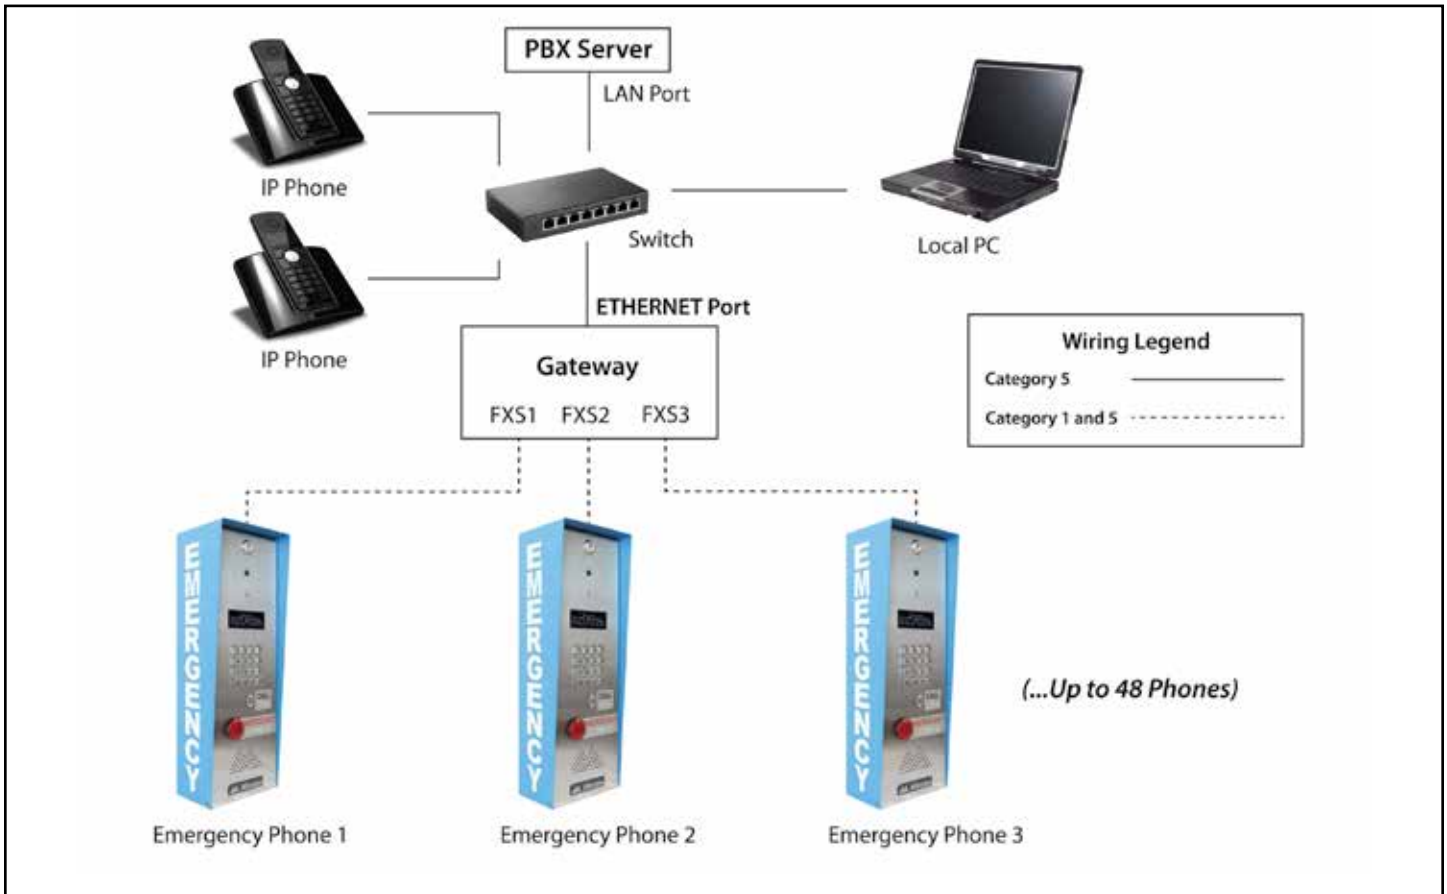

TX3-EMER-1S

Typical Emergency Phone System

The TX3-EMER Series of Emergency Phones are wall or pole mounted. Made from a rugged steel construction, this emergency wall mount station features a hands-free emergency speakerphone and an output for an optional blue strobe. It also can include an optional analog camera that can record all initiated calls making it an excellent choice for parking decks, dorm entrances, hallways and public transit centers.
