

# **400 SERIES** LED HORNS, STROBES & HORN/STROBES

# Compact energy efficient audible/visual solution

MGC's 400 Series LED Notification Appliances offer an audible/visual solution that delivers exceptional energy efficiency in a compact design.

Utilizing advanced LED technology, the MGC's 400 Series LED Notification Appliances provide a lower current draw which allows for more devices on a NAC circuit while reducing the number of external power supplies required.

Designed for indoor/outdoor wall or ceiling mount applications, MGC's 400 Series offer multiple field-selectable audible/visual settings, red and white options for flexibility as well as a wide range of mounting options in an easy to install compact unit.

MGC's Notification Appliances comply with agency requirements including the NFPA 72, UL 1971, UL1638, UL1480, ULC S526 and ULC S541.

- Energy Efficient
- Flexible
- Safe
- Easy to install

### **FEATURES**

- Standard and high candela settings in one unit (Horn Strobe) to meet virtually any application
  - o Wall Mount models: 15, 15/75, 30, 75, 110, 185 cd
  - o Ceiling Mount models: 15, 15/75, 30, 75, 110 cd
  - o Reduction in SKUs to stock
- Multiple field-selectable audible ٠ settings
  - o Temporal, Continuous, March Time and 20 BPM audible tones
  - o High and low volume settings
- Weather Protected Devices Temperature ranges from -40°C to 66°C (-40°F to 151°F)

#### ENERGY EFFICIENT

- Advanced LED technology provides superior current draw performance
  - o Allows for a higher capacity of notification devices per circuit
  - o Eases external power supply requirements

## SAFE

- Device settings are located on the back of the unit to prevent tampering
- Compliance
  - o UL 1971, UL 1638, UL 464
  - o ULC-S525, ULC-S526
  - o NFPA 72 2016 Edition (Meets 20 millisecond pulse width requirement)

#### **EASY TO INSTALL**

- All models include a mounting plate that allows for the devices to be pre-wired (Horn Strobes)
- Includes shorting clip that allows installers to test the wiring before the device is installed
- Wide range of mounting options
  - o Mount to Mircom BB-400 surface mount back box, single gang, 4-inch square, double gang, octagon and 4-inch junction boxes
